PROCUREMENT CAN BE A DAUNTING PROCESS

THAT'S WHY WE'RE HERE!

“—
They say 'When the student is ready, the teacher appears'. PTAC appeared at the right moment in my life to teach me how we could possibly keep our things in place to work with government. I am now confident to move forward working with government agencies.

—”
- Rupal Asodaria, *Doshi, LLC*.

“—
PTAC helped me by connecting me to the right sources to understand how to sell to the government. They also provided me a list on how to become certified -- so far we are Small Business and HUBZone certified. We're working on becoming DBE and 8(a) certified.

—”
- Braulio Peralta,
Peralta's Machine Shop

“—
Our Procurement Specialist's knowledge of the certification process was invaluable in gaining our certifications. And when I hit bumps in the road to contracting, he knew just where to send me to get the information I needed. It's been invaluable to me to have Norcal PTAC supporting my small business journey.

—”
- Sophia Zander, *Zander Design*

“—
Norcal PTAC helped us get legitimate in the eyes of the government. Navigating the complex registration process can be overwhelming for a small business. My PTAC adviser coached and guided me through the process. His patience allowed me to complete my work early to move into other critical projects for my business.
